PRODUCT CHARACTERISTICS > BENEFITS

- The AlpineAire (H)EAT Insulation Pouch is the perfect solution for eating outdoors
- The heat pouch is made of insulated material and is the perfect fit for freeze-dried AlpineAire menus
- Its unique design keeps your freeze dried meals warm up to 30% longer when used with a food pouch or cooking pot
- The slip-in pockets at the sides offer a good grip during eating, protecting your hands against the wind and the cold and at the same time against the hot cooking pot or the hot pouch
- Can also be used as a potholder
- Washable at 30°C
